DETAILED ACTION

Election/Restrictions

1. The restriction of Paper 8 appears to have been improper as the combination does include all of the limitations of the subcombination. Therefore the restriction has been withdrawn.

Information Disclosure Statement

2. The Information Disclosure Statements filed 1/28/02 and 3/21/02 are identical. Therefore only one has been signed and initialed. The second (filed 3/21/02) has been marked as a copy and marked through. This is attached to the file. The IDS filed 1/28/02 is initialed and considered and a copy is included herewith.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 3-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The limitation "straddle-type" is vague and indefinite. See MPEP 2173.05(b), paragraph E.

Claim Rejections - 35 USC § 102

5. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

6. Claim 1 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Kondo et al. (5,392,804).

Figure 1 clearly shows all of Applicants' claimed limitations.

Allowable Subject Matter

7. Claim 2 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

8. Claims 3-15 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

There is no teaching in the prior art of a four wheeled all-terrain vehicle having a straddle seat mounted to an upper portion of the body frame with a fuel tank and breather system therefore (including all of the claimed limitations) placed below the seat.
